

# A weekend full of FUN, LEARNING, CREATIVITY, BUILDING RESPONSIBILITY, INCREASED CONFIDENCE

West Programme Dates: 11th and 12th March

Year 7 & 8

## The Programme

- A positive, high energy, family-based programme that provides excitement, challenges and fun for all participants.
- Creates the opportunity for the children to explore their untapped potential.
- The use of colour, music, games and activities immerse the children in their own learning.
- The supportive, positive, fun environment enhances the development of new learning and strategies.
- Parents attend two sessions receiving an overview of the programme and a chance to explore topics of support, communications, choice and responsibility.
- This programme provides the most updated natural and generative learning techniques.

## WHO ARE WE?

Discovery Foundation Inc. is a charitable trust, devoted to producing programmes and systems which help people learn and communicate better; promotes self esteem and positive attitudes to life; fosters the development of leadership skills; empowers the family to work as a supportive and co-operative unit; and assists all involved to accept personal responsibility for themselves and the direction of their lives.

## Children Say:

"I loved it! I loved making new friends and I had lots of fun. I really wish that I could see all the people again. I learnt one of the times tables I'd never known before and I learnt how to spell something new." - Drew

## Parents Say:

"I'd like to express a huge thanks for the opportunity to have my son take part in an exciting, informative and fun weekend. I found the weekend to be an extremely well organised and well thought out event. It's obvious the BTG folks are passionate about what they do, they know how kids tick and the weekend was structured accordingly. It was entertaining and rewarding for him and I feel like it brought us closer as a result." - Dean

"I would highly recommend this programme to others and would look forward to possibly having my children attend future courses such as this. We as a family are very grateful and wish to thank you for this opportunity." - Natalia

**TO FAMILY:** Clear communication, Increased harmony, Enhanced relationship with siblings

**TO PARENTS:** A more confident child, Creative solutions to challenges, Additional strategies for positive parenting

**TO CHILDREN :** Increased confidence, Tools to make learning easier, Sense of responsibilities, Positive self image
